### CONTROVERSY BETWEEN PHILIPPINE COMMISSIONS

To be Settled by the Supreme Court of the United States.

Manila, Aug. 9.—A controversy between the board of public utility commissioners and Philippine public service corporations, dating back a year or more, is finally to be settled by the Supreme Court of the United States. This will settle the questions of the reports from all public service corporations.

The act of the legislature which established the board of public utility commissioners gave the board the authority and the board has been requiring all transportation companies, carrying passengers either on land or water, to file financial and operating expenses.

Several transportation companies challenged the board's authority and the case went to the Supreme Court of the Philippines. That body decided that the part of the organic act establishing the board which gave it power to demand annual statements was invalid because it delegated legislative powers to an executive or semi-judicial board. From this decision, the board has now appealed to the Supreme Court of the United States.

### MOOSE MEETING LARGELY ATTENDED

Committee Appointed for the Coming Carnival.

Willimantic, Aug. 9.—About 300 members of the Willimantic Lodge, No. 144, Loyal Order of Moose, attended the meeting last evening when it was decided to accept the invitation of the Norwich lodge to attend their carnival on Aug. 20 at the Drawbridge. A baseball team is to be picked out of the members of the lodge to play the members of the Norwich lodge at the same time.

More plans were formulated for the coming carnival, and the committees were appointed. The chairman of the different committees are as follows: Finance, W. N. Bowen; amusement, A. Lamouroux; grounds, Victor Mahoe; dance, P. J. Minahan; advertising, P. L. Clark; refreshments, Frank Melvin; transportation, Fred W. C. Decker; was appointed secretary. The committee will be working with the local organization and they are working with this end in view.

## FREE ADVERTISING IN WESTERLY

United States Government and the Chautauqua Benefit by  
Lenience of Town—Santa Maria Towed by Night to  
New London—Friendless Young Woman Becomes a  
Mother—Elks' Outing Today.

The Chautauqua and the United States government are granted privileges in Westerly, that are not given to others, and there is in consequence a feeble complaint that discrimination prevails from some who avoid the legitimate channel of advertising in the newspapers. The Chautauqua company that recently entertained in Westerly, was permitted to place advertising matter on the poles of the telephone poles in the compact part of the town in violation of town ordinance, and was also allowed to use school buildings for advertising purposes and to string banners across the public highways. Chautauqua was also allowed to give a series of public entertainments without paying the customary license fee, and to do many other things not allowed to residents of the town.

The United States government has placed a full sheet poster on one of the trees in front of the post office, calling for enlistment in the army, which is also a clear violation of the town ordinance, which even the federal government is bound to respect. The plea is made that there should be no discrimination in the enforcement of this ordinance.

It is not so many months ago that a protection fence was built in connection with the construction of the new industrial Trust company building, which extended to the curbing. Catering merchants whose places of business were on either end of this temporary fence were permitted to use the same for advertising purposes by the contracting firm. They prepared attractive advertisements which were posted on the fence. This practice had hardly dried, when removal was ordered by the town officials and were threatened with immediate prosecution if the advertisements were not removed. But, as subsequently demonstrated, Chautauqua and United States are exempt from advertising and without interference on the part of town officials.

Joseph Denison Spicer, who died recently in Plainfield, N. J., was born in Hopkinton, R. I., May 18, 1831, son of Joseph Spicer and of Content Foster Spicer. An obituary in the current issue of The Sabbath Recorder, recites that when a child of thirteen years of age he joined the Second Hopkinton Seventh Day Baptist church. Two years later he attended for a year at the Rye Institute, New York. In 1852 he returned to Rhode Island and served for several years as bookkeeper for C. Maxson & Son, hardware and building supplies, at Westerly. In 1857, he married Elizabeth Freeman Ross of Westerly. In 1860 he was a partner in the firm of Potter & Spicer, druggists, at Mystic. In 1863, he was advised to go west by reason of failing health, and he went to West Hollock, Illinois, where he spent a year with his brother-in-law, John A. Spicer.

He then moved to Plainfield, N. J., entered into partnership with his brother-in-law, John A. Spicer, in the shoe and blind business. In 1870 he engaged in the same line of business with Joseph A. Hubbard and the partnership continued for thirty years. In 1890 he met with an accident and retired from active business. He is survived by Mrs. Spicer, a daughter, Mrs. Irving A. Huntington, and a son, Arthur J. Spicer, of Plainfield. He also leaves two granddaughters, H. Spicer, 97, of Ashaway, and Dr. Albert H. Spicer, 72, of Westerly.

At a meeting of the Narragansett Steam Fire Engine company, held in Peace Dale, Tuesday evening, arrangements were made for the annual muster of the Rhode Island State Firemen's League at the Kingston fair, Sept. 15, conditioned upon the ratification of the committee by the league, in acceptance of the offer of the fair management. Irving Wilbur, John Towler, James S. Spicer, Fred Bristol, Thomas Sauter, Clifford Wilbur and James Tully were appointed committee on reception to the visiting companies, and to complete details in regard to the muster, should the league give official sanction for the same. The committee will attend a meeting of the state league officials to be held in Providence.

The Santa Maria, duplicate of the flagship of Christopher Columbus, that has been out of commission in Westerly, since the last fall, will be taken in tow by tug Westerly Tuesday night, and towed down the Pawcatuck river and out to the vicinity of Bartlett's reef, with the expectation of meeting the ocean-going tug Essex, with a tow, and adding the Santa Maria to the fleet of tugs. Several east bound tows it was learned that the Essex had not left New York for the Santa Maria, and was then taken into New London harbor and given berth alongside one of the wharves. The tug company, and will remain there until positive information is received that the Essex has started from New York bound east.

The Essex is engaged regularly on the long run between New York and Chatham in the company of St. Lawrence, and in the next regular trip the Santa Maria will be added to the tow, and make the first long haul to Chicago, her destination, the route being Cape Breton and Prince Edward Islands to Chatham. From there the Santa Maria will be taken direct to Chicago by another towboat.

The start from her berth in the Pawcatuck river, made in Westerly, and the stop at New London will give ample time for better preparation for the long trip. Besides the captain, the Santa Maria will carry a crew of four men.

**Local Lascivious.**

The Westerly Lodge Elks will have an outing today at Brightman's pond.

Westerly is more liberal in the support of schools than in any other department of the town government.

Representatives Langworthy and Haswell attended the legislative reunion at Narragansett Pier, Wednesday.

A large apple tree laden with fruit, and located at the corner of Main and School streets, was split in two during the brief wind storm of Tuesday afternoon.

In a remote section of the beach between Watch Hill and Watchpoint is the carcass of a horse. The report that the animal was driven ashore by a shark is disproved.

A large proportion of the appropriation for the charity department is used in salaries and a small preparation to add the deserving poor. The salaries are inadequate at that.

Barbara Rogers, age six, daughter of Dr. Henry E. Rogers, of Norwich, who is sick with infantile paralysis, at Rockhaven, Watchpoint, is very much improved, and complete recovery is expected.

A petitioner for a street light was told at the meeting of the town council that the petition could not be considered on account of lack of funds.

At the same meeting the salary list was increased by \$1000 a year.

A large tree in the yard of George Cross, clerk of the adjoining town of Charlestown, yielded to the gale of Tuesday, and struck its fall the telephone wires, putting the service in that section out of commission.

William R. Snyder, the new superintendent of schools of the town of Stonington, was in Westerly Wednesday. He was introduced to Ira Allison Snyder, the only other one of that name in the village centre at that time.

Chief Engineer Samuel G. Cottrell and assistants of the Westerly, and Chief Henry A. Stahl and assistants of the Pawcatuck fire departments, have been invited to participate in the parade of the Stonington borough fire department, Saturday afternoon, as guests of Chief Ed. P. Teed.

Town Clerk Everett E. Whipple motored to Rocky Point Tuesday and attended the annual outing of the Rhode Island Tax Officials association Wednesday. He was accompanied by assessors Albert N. Crandall, Samuel M. Sharpe and Richard J. Butler, and Walter E. Wheeler, assessor for the fire district.

The fixed cost of the health department of Westerly is \$100 a year, and the actual cost of fumigation in cases of contagious disease. Recently, by reason of a case of infantile paralysis, the superintendent of health constructed a bill which amounted to \$2.95, and its payment was questioned by the town council or a few members thereof. The bill was finally ordered to be paid.

A young woman, without money or friends, gave birth to a baby girl on Tuesday night. The attending physician reported the case to the overseer of the poor, and was informed that the town should render no assistance, as there was no money available for such a charity case. The woman is twenty years old, came from North Carolina to Stonington and had been employed in the Westerly hotel, where she gave birth to the child, but a short time.

### STONINGTON

Suggestion That School Committee Be Reduced from Six to Three to Insure Greater Harmony and Efficiency—Other Issues at Town Meeting.

While some of the tactical moves in the school war have been settled, or tacitly settled, with more or less tact, one of the main issues will be fought out in the coming town meeting. The selectmen have received petition that the membership of the school committee be reduced from six to three, and this will be inserted in the call for action at the town meeting. It is cited that the school committee of Westerly is composed of three members, and as a result there is said to be absolute harmony in the conduct of school affairs.

Here in Stonington claim is made that "all that glitters is not gold," and harmony, that there are frequent disagreements in committee and that all is settled within the committee, and the committee does not represent the school public. The only information the Westerly school committee gives for public consumption is the roster of teachers and the changes that are made in the teaching staff. This condition is not satisfactory to all concerned, and there is legislation to increase the committee from three to five in Westerly.

Another committee in the town of Stonington which has been considerably criticised is the highway committee. It is claimed that the plan is not as efficient or as satisfactory as more expensive, than when the selectmen were in charge of the highways and all pertaining thereto. Petitions having been received by the selectmen for the abolishment of the highway committee, that too, will be inserted in the official call for action at town meeting. The committee plan has been tried out in Stonington and the petitioners claim that the plan has not been satisfactory.

In Westerly all matters pertaining to the highways have been taken from the town council and a highway commission of three members. The new plan has been in force two months, not long enough to have a fair test.

**Young People's Society Elects.**

At the annual meeting of the First Baptist Young People's Society, which was chosen as follows: Miss Rose Skidley, president; Miss Jennie Pat Skidley, secretary; Paul W. Conant, treasurer; Miss Rose Skidley, chairman lookout committee; William Ryan, chairman committee; Miss Edith R. Conant, chairman music committee; Mrs. George H. Marston, chairman visitation committee; Miss Edith R. Conant, chairman social committee. In the near future a reception will be given former President Henry G. Joseph of Providence, who is visiting his parents in the borough. He will give a talk in relation to the silverware industry.

Pomeroy-Russell Wedding in Pleasant Valley—Wilfrid E. Brown Effects Settlement With Trolley Company for Damage to Motor Truck.

Miss Adelaide I. Russell, daughter of Mr. and Mrs. Floyd S. Russell, of this place, and Edward W. Pomeroy, son of Mrs. Ida W. Pomeroy, of Worcester, Mass., were united in marriage on Saturday at 6 o'clock at the home of the bride's parents in Pleasant Valley. The ceremony was performed by Rev. George B. Atha of the Groton Heights Baptist church and was witnessed by only a few relatives owing to the fact that the bride's grandmother died a few weeks ago. Mr. and Mrs. Pomeroy left for Worcester, Mass., where they are to reside. Those present at the wedding were Mrs. A. B. Collins, Mrs. Charles E. Holly, Mr. and Mrs. Frank Lamphere of Mystic, Mrs. Arthur Collins of Westerly, Mrs. Pomeroy of Worcester and Mrs. McDonough of Groton.

**Settlement Made for \$1,500.**

Wilfrid E. Brown of Old Mystic has agreed on a settlement with the Groton and Stonington branch of the Shore Line electric road for the damage done his motor truck several days ago, when it was run into by a trolley car on the Old Mystic branch as the motor truck was leaving the icehouse. The engine, the front axle and the front of the machine were pretty well demolished, and settlement was made. It was reported, at \$1,500. Attorney B. L. Brown of Groton was the lawyer for Mr. Brown, who expects to have the motor truck in commission in a few days. He stated the settlement with the trolley people was satisfactory.

**Hughes Standing Pat.**

If a "standpatter" had been nominated at Chicago instead of Hughes, he might have composed exactly this sort of a notification addressed to the voters of the United States or Mexico, and it must be admitted, too, that the speech throws no strong light upon Mr. Hughes' capacity as a constructive statesman. Where we look expectantly for indications of the lines Mr. Hughes would follow as president, we usually meet disappointment. He is naturally highly critical of his opponents' record, but he is cautious, reserved, even surprisingly ambiguous at times concerning the program he himself would follow in case he were placed in charge of the government.—Springfield Republican.
